

paysafecard Mastercard® – the prepaid card for everyone

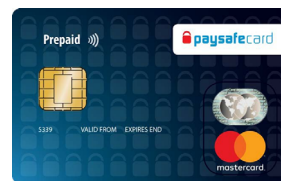

paysafecard Mastercard is suitable for all circumstances and ages. It is a prepaid card that - like a credit card - can be used anywhere in the world where Mastercard is accepted.

In contrast to conventional credit cards, the paysafecard prepaid card draws on an existing balance. It is first topped up via a paysafecard account and can then be used both online and offline to make cashless payments.

Available in these countries:

Austria, Belgium, Cyprus, Finland, France, Greece, Ireland, Italy, Latvia, Malta, Netherlands, Poland, Portugal, Slovenia, Slovakia, Spain, Switzerland and United Kingdom.

Available in 2 designs - ordered via the paysafecard account

Classic - for paysafecard account users aged 18 and over

Gamer - Mastercard Youth Card for users aged 16 and over

Clear limits for greater security

The benefits:

Complete spending control - no credit check, no risk:

The complete spending control that comes with paysafecard Mastercard makes it a particularly safe way to pay for students, young adults and school children. The available balance of a paysafecard Mastercard cannot be exceeded, so there's no risk of running up debt. The card is also not connected to a bank account.

Minimal costs and fees:

- € Annual fee only 9,90 EUR
- € 4% top-up fee (standard for prepaid cards)
- € 3% (min. 3,50 EUR) fee for ATM cash withdrawals
- € 3% fee for foreign currency payments
