

Dear customer,

buying paysafecard on the TBC-Pay self-service terminals is incredibly straight forward!
paysafecard is a global market leader in online prepaid payment methods that allows you to pay safely and simply online - as if you were using cash.

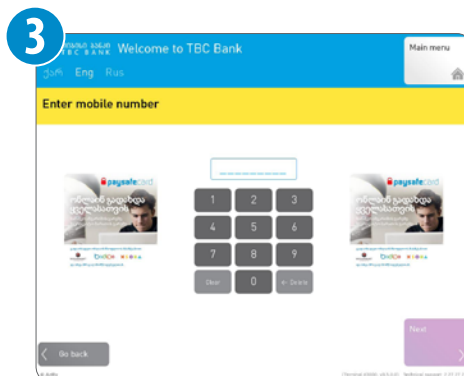

How it works:

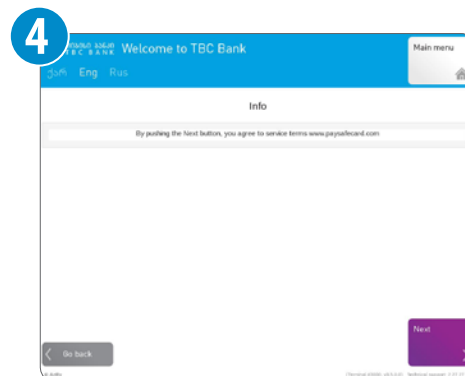

Click at the **paysafecard logo** shown on the main screen. (alternatively click at the „Gambling/Casino“ icon and choose paysafecard.)

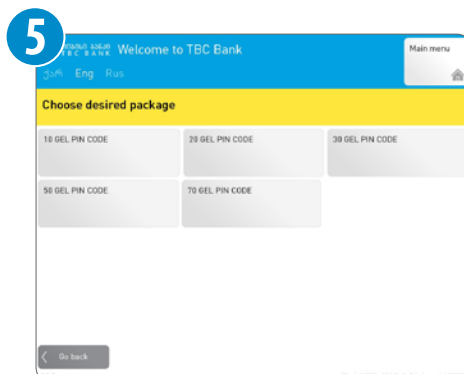

Read the important information shown on the display carefully, then click on „Next“ icon.

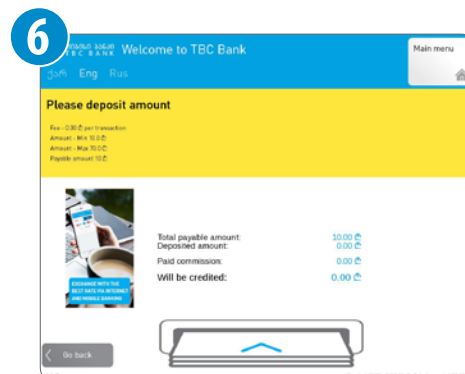

Enter your mobile phone number.

Agree to service terms by clicking „Next“.

Choose your preferred value (10, 20, 30, 50 or 70 GEL) and click on the icon with the value you want to buy.

Insert the cash into the terminal.

The transaction is completed, you will receive a text message with your paysafecard 16-digit PIN within minutes.
